Dear Teachers

We at Farmer Bill's Country Market have created the pumpkin patch tour. **What is this great Fall Tour on the farm?**

We have come up with a farm tour that provides student with the knowledge of how their food is grown.

So what happens on this tour?

Well your class can book to come to Farmer Bill's Country Market in October. Here you will take a hay wagon ride through field to view the surrounding wildlife. Stopping at the field to there have a small lecture on how sun, soil and water make plants grow. Your students can explore and collect a pumpkin of their choice of the peek-a-boo pumpkin variety to take back home. Your class also will receive a pumpkin for the classroom.

As you know October is a very festive month of great natural colors. A choice for the teachers is to have a grab bag of decorations (gourds, leaves, corn, tops of corn stalks) from the farm to take back to the class to enhance your area you would like to decorate. This option is available for the class if the teacher pays instead of the 2 free admissions. . New this year, we will have an organic garden on site for the student to see other vegetables.

Back at the market you can also enjoy the animals on display.
